You Make The Difference!

The Internal Giving Campaign raises money to provide support in a variety of ways, including the Gap Scholarship, Seymour Weiss Memorial

Scholarship and for Professional Development. The Gap Scholarship was created as a safety net for students who do not qualify for Federal or State Financial aid. Seymour Weiss Scholarship is awarded to students for outstanding academic performance. The Professional Development Office offers enrichment opportunities to the college community.

You make the difference!

Your donation is an investment in our Delgado family. Generous donations from faculty and staff allow Delgado Community College to assist students working toward their educational goals and help provide quality professional development for our faculty.

Scholarships

With the Internal Giving Campaign you can choose which source(s) will receive your gift.

Gap Scholarships are awarded in the fall and spring semesters for both full time and part time students. Scholarships can be used toward books.

Seymour Weiss Memorial Scholarships are awarded in the spring semester for the following academic year to students in all academic divisions. Students must have a 3.5 GPA or higher and successful completion of at least 15 hours at Delgado to be eligible for this award.

*"Without this help,
I don't know what I would
have done."*

*- Ivy Poree-Marco,
West Bank student
and 2010 GAP recipient*

Having worked with the Gap program for several years, I have firsthand knowledge of the impact it has on students and their college careers. For many, these funds have been a deciding factor in their being able to continue their education or having to withdraw from the College. That, in and of itself, speaks volumes. By giving to this campaign, you can help dreams come true.

Arnel W. Cosey, Ph.D.
Vice Chancellor for Student Affairs
Executive Dean, City Park Campus

Faculty/Staff Professional Development

Your donation can be dedicated to provide speakers, webinars, programs, resources or other related professional development and enrichment to benefit the ongoing improvement efforts of divisions, committees, councils, or the College at large for both faculty and staff.

"This is us investing in us. This fund, like no other, enriches and strengthens the long-term capabilities of faculty and staff through targeted programs we identify as most important to our immediate concerns"

Angela D. Breckenridge, Ph.D.
Director
Office of Faculty & Staff Development
