Pick the plan for you

Flexibility makes it easy to get the most value out of your plan. There are two parts to each meal plan, which you can customize when you sign up:

Dolphin Dollars

Purchasing a meal plan gives you extra buying power. We add a little 'Lagniappe' to your dining account with additional dolphin dollars.

Declining Balance Dollars (DBDs)

You choose how many additional dollars you want to have for the semester. DBDs can be used at all locations.

Once you have a meal plan, your Dolphin Card works like a debit card. Just swipe your card and the meal change is deducted from your account automatically.

Whether you're eating on campus every day or just a few times a week, you could be saving money with a meal plan. Tons of options help you choose the plan that offers the best value for your busy schedule.
