The curriculum plan for the 2nd semester, Level II, includes five courses: NURS 125 (Nursing II); NURS 129 (Special Populations I); NURS 127 (Pharmacology II); PSYC 127 (General Psychology); and BIOL 211 (Microbiology). All five must be completed before enrolling in the 3rd semester nursing courses. Students who enroll concurrently in NURS 125 (Nursing II) and NURS 129 (Special Populations I) must enroll in courses taught by the same faculty team. Four teams are planned for Fall 2018. Registration for Nursing 125 (Nursing II) is Friday, May 25 at 9 am; registration for NURS 129 (Special Populations) and NURS 127 (Pharmacology II) is May 29 at 9 am. There are two face-to-face sections of Pharmacology II and two online Pharmacology sections. Students must register for either the online or the face-to-face Pharmacology section that corresponds with their team. Students who have previously registered for a clinical nursing course (Repeaters) must register for a different team/faculty member unless given permission to do so by the level coordinator.

The clinical component of Nursing II is considered the ‘Home Base’ for enrolled students and students will rotate to the Special Populations I clinical which is generally scheduled for the same days, e.g. Wed/Thursday. Students who register for Nursing II sections 304, 316 & 322 will start their clinical in Special Populations for the listed dates and rotate to the Nursing II clinical as their “Home Base” for the remainder of the semester. Students who register in Nursing II sections 304, 316, & 322 will be contacted via email Tuesday, May 29, or you may email Ms. Brown, Level Coordinator, at cbrown5@dcc.edu, to select a Nursing II clinical section. These sections will be filled on a first come, first served basis. Use the following registration tables to register for corresponding sections of the nursing courses.

Students who register for a clinical section with a Nursing II instructor on Team 2 must register for the corresponding CRN for that same clinical instructor for Special Pops I. If you do not need both Special Pops I and Nursing II please do not register for sections 308, 309, 310, & 311. In order to register for section 312 on Team 2 you must have credit for Special Pops I. There is no CRN/Special Pops I clinical for section 312. If students register for the wrong CRNs they will be placed in the correct section the first week of class. Please adhere to the instructions.

All students will be oriented to Level II on Monday August 20 from 7⁴⁵-9 am in the Gym. Pharmacology will begin at 9am for Teams 3 & 4 and 10am for Teams 1 & 2. Plan to spend all **class & clinical** time at CSN, 8am-3pm, the first week of school even if you have evening or weekend clinical. Plan to wear class casual attire until you receive instructions from your clinical instructor. Sections will be available to drop/add until August 21 at 6 pm.

W02	Online		Team 1 or 2 (25 slots)	12682

Students who plan to enroll **part time** may elect to enroll in a combination of courses with the understanding that there are pre and co-requisites that must be considered.

- NURS 127, **Pharmacology II** requires Nursing 113 and Pharm I as prerequisites.
- NURS 129, **Special Populations I** requires PSYC 127, General Psychology and NURS 127, Pharmacology II as pre or co-requisites.
- NURS 125, **Nursing II** requires Pharm II as pre or co-requisite.

Notes:

1. A student repeating a clinical course will not be permitted to register for a section taught by any team or clinical instructor the student had when previously enrolled in that course unless given permission to do so by the level coordinator.
2. If there is no Special Populations I CRN that corresponds to the Nursing II CRN register for a CRN section in the same team.
3. Students enrolled in Special Populations I for the Fall may be contacted to discuss their scheduled time and/or location for Special Populations I because of 'openings' created by the students who previously completed Special Populations I.
