HVAC Programs: 27 – 57 credit hours

ABOUT
The primary mission of the HVAC/R program is to provide the necessary training to prepare students for a successful career in the field of HVAC/R with a goal of business owner or service manager. The HVAC/R program is accredited by the Committee on HVAC Excellence and includes a study of air conditioning, heating, and refrigeration for residential, commercial, and industrial equipment. Along with receiving instruction, students are trained to be HVAC technicians in a hands-on lab environment. Students are offered the opportunity to earn the EPA 608 license, EPA 410A, NATE, and ESCO certifications.

PROGRAMS
Certified HVAC Technician, CTS; 27 credit hours
Master HVAC/R Technician, TD; 57 credit hours

PROGRAM ADMISSION
Students in the Master HVAC/R Technician program must be eligible for (completion not required) ENGL 099, MATH 098 and READ 072.

CAMPUS
Jefferson and Sidney Collier Sites
