GE = General Education course. Grade of "C" or better required for each course in the LT degree.

Notes : *This template has 64 credit hours to give student options for science courses they would like to complete at Delgado Community College. Student must only take 60 credits hours to complete ASLT and this is also maximum amount allowed for transfer into the major at SELU. Please note a student must choose courses in the above green highlighted section to complete ONLY 60 credit hours total for the degree. It is highly recommended the student consult with an advisor for further explanation.

*** Check catalog of transfer institution for specific course recommendations, depending on anticipated major.**

Completion of the AALT/ASLT degree guarantees that the student has met, in full, all lower division general education requirements at the receiving Louisiana public university. Graduates transferring with the transfer degree will have junior status. Courses or GPA requirements for specific majors, departments, or schools are not automatically satisfied by an AALT/ASLT degree.
