

Criteria for Observation hours

The clinic must have a veterinarian and/or RVT/CVT/LVT to observe and sign the evaluation form (for example volunteering at the zoo with a keeper would not be an acceptable shadowing experience). All hours should be completed at one facility. A RVT or DVM must sign and complete the evaluation form. A letter has been provided in the application packet describing the requirements in case the facility needs more information; they can contact Dr. Jennifer Limon for more information if needed. All hours are good for 2 years, after which they must be completed again. A total of 50 hours must be completed. Please note this is not an all-inclusive list, but instead a guide for those applicants needing assistance in locating a clinic to complete hours at.
