**Fall 2023**

Level II Section Information for **Fall 2023**, **ALL SECTIONS ARE TENTATIVE AND SUBJECT TO CHANGE**

**Check your LOLA preferred email account, it is best to use your DCC email for communication in the course.**

**Please read the entire document before you choose sections and register.**

The curriculum plan for the 2nd semester, Level II, includes five courses: NURS125 (Nursing II); NURS 129 (Special Populations I); NURS 127 (Pharmacology II); PSYC 127 (General Psychology); and BIOL 211 (Microbiology). All five must be completed before enrolling in the 3<sup>rd</sup> semester nursing courses. Students who enroll concurrently in NURS 125 (Nursing II) and NURS 129 (Special Populations I) must enroll in courses taught by the faculty from the same team. Four teams are planned for Fall 2023. Registration for Nursing 125 (Nursing II), Nursing 129 (Special Populations I) and NURS 127 (Pharmacology II) is **Friday, May 19<sup>th</sup> at 0930**. There are 2 online Pharmacology II sections. **NURS 125 and 129 are the clinical nursing courses for level 2.**

Students who have previously registered for a clinical nursing course (*Re-taking the course*) **must register for a different team/faculty member** unless given permission to do so by the level coordinator.

Nursing 129 (Special Populations I) has limited clinical facilities accepting students. **All Nursing 129 clinicals are an 8-hour in person day per week and additional 4 hours of virtual time to compose the 12 hour/week requirement. NURS 129 faculty will explain this in more detail. NURS 129 (Special Populations 1) is a three-week experience.**

**NURS 125 (Nursing II) is a fifteen-week experience.**

**You can take only NURS 125 or NURS 129 if you choose. If you are taking two nursing clinical courses, you need to register for and select two sections/CRN numbers.**

The clinical component of NURS 125 is considered the 'Home Base' for enrolled students and students will rotate to the Special Populations I clinical as times are available. Students who register for NURS 125 sections 112 and 122 and some other students who register for Special Pops I will start their clinical in the Special Populations course for the first rotation and then rotate to the NURS 125 clinical. **Only students who register in NURS 125 sections 112 & 122 should email Ms. Pat Smart, psmart@dcc.edu**, Educational Coordinator for Level II, to select their NURS 125 clinical section preference from the team you are on. Students in Section 112 will select a clinical instructor from teams 1 or 2; students in Section 122 will select a clinical instructor from teams 3 or 4. These sections will be filled on a first email, first serve basis. Use the following registration tables to register for corresponding sections of the nursing courses. The rotation schedule if you are in both NURS 125 and NURS 129 will be explained during the level orientation on the first day of class.

**Please note, testing for NURS 127/Pharm 2 will test in person on Monday afternoons, time TBA. Testing for NURS 129/Special Pops1 will test in person on Tuesday afternoons, time TBA. This is dependent on computer availability for testing.**

Students who register for a clinical with a NURS 125 instructor that is doing their own Special Pops I clinical, **must register for the corresponding CRN for that same clinical instructor for NURS 129/Special Pops I**. If you do not need both NURS 129/Special Pops I and NURS 125 **please do not** register for sections where the same NURS 125 instructor is listed for NURS 125/Special Pops I. **Follow the grid all the way across. If students register for the wrong CRNs, they will be placed in the correct section during the first week of class. This causes clinical conflicts. Please follow these instructions.**

NURS 125 allows 8 students, NURS 129 allows 7 students. If you cannot register for the corresponding NURS 129 section with the same clinical instructor for NURS 125 from Team 1 or 2 choose NURS 129 Section 113; for Team 3 or 4-choose NURS 129 Section 108. The grid identifies the Sections for NURS 129 with their corresponding CRNs.

All students will be oriented to Level II on Monday, August 14<sup>th</sup>, time TBA. During week one, you will have a **Medication Proficiency Evaluation**. You have to renew/pay for your exam-soft account for the semester in order to take the Medication Proficiency Evaluation. This will include things you learned in NURS 117/Pharm 1 and NURS 113/Nursing 1. **Plan for participation in class & clinical time during week one of the semester, Monday-Friday, from 8am-4:30 pm, even if you have evening or weekend clinical.** The calendar for the first two weeks will be posted on the Canvas site the week before classes start. You will receive instructions from your clinical instructor when to wear the clinical uniform and when you will be in the building for lab time. Students enrolled in NURS 125 and/or NURS 129 will take a **Medication Proficiency Evaluation (MPE)** City Park Campus, location TBD during the week of August 14<sup>th</sup>. You have to renew/pay for your exam-soft account for the semester in order to take this evaluation. If you paid for exam-soft in the summer, your account is active for the fall.

Sections will be available to drop/add classes until August 15<sup>th</sup>. See college website for times for these dates. August 22<sup>nd</sup> is the deadline for 100 % tuition reimbursement for dropping classes.

NURS 127 All Pharm 2 classes are online. Pharm 2 testing will be on Monday afternoons in person, time TBA. Classes are recorded weekly. You will view them and have assignments with due dates. This is an independent online classes. The deadlines for the assignments will be given by Ms. Qualey. Testing is in person.

### **Time Frames for Special Populations I Clinical Agency Experiences**

**All students will attend the Special Population, Nsg 129 during week 1 no matter what rotation you are in for the semester.**

Rotation 1: Week of August 28 through week of September 11.

Rotation 2: Week of September 18 through week of October 2.

Rotation 3: Week of October 9 through week of October 23.

Rotation 4: Week of October 30 through week of November 12. The rotation schedule will be explained in more detail in August.

#### **Notes:**

1. A student retaking a clinical course will not be permitted to register for a section taught by any team or clinical instructor the student had when previously enrolled in that course unless given permission to do so by the level coordinator.
2. If there is no Special Populations I CRN that corresponds to the Nursing II CRN register for a CRN section from the appropriate team. .
3. If you do not follow the instructions for registering for the correct sections-your schedule may reflect a conflict in clinical time. The coordinator will have to administratively reschedule you, so you can obtain the correct amount of clinical hours.
