

Completer's Grant Packaging Policy

The Board of Regents has approved for a limited time, a new financial aid framework, the Completers Grant, which is designed to incentivize near-completers in high demand fields such as teacher education, healthcare and Science, Technology, Engineering, and Math (STEM) at Louisiana's public two- and four-year institutions to earn their undergraduate degrees. The Completers Grant will provide scholarships to students who are within 30 credit hours of completing a degree at a two- or four-year campus. The intent of this program is to provide no more than two consecutive semesters of funding.
